

Three Best Books on Seeing in the Spirit On the Market and Why

Three Best Books on Seeing in the Spirit on the Market and Why

Well.....not exactly. There are many wonderful books on the Internet by believers on this subject. Some see into the Kingdom in the gift of Discernment of Spirits, while others see pictures in their mind and say, "I have heard from God."

Bottom line is, "What are you looking for? Are you looking to learn to see Jesus? Are you looking to learn how the Holy Spirit forms a vision? Are you looking to learn where the Holy Spirit forms a vision? Are you looking to learn how to see a vision of Jesus?"

This book "Steal Away, Seeing Jesus in the Secret Place" is BEST if you have answered all of the above questions as yes. Here you will learn step by step "How to See in the Spirit" and you will learn to see Jesus. You will not find

Sister Lara using other names of BIG NAME Ministries just to promote this book. However, you will learn more about the Person of the Holy Spirit to help you visualize Scripture to experience the Living Word of God become LIFE and VIDEO right before your very eyes. There is no HYPE in this BOOK, and you have a chance to learn with other people who desire to go the same way you are going.

2. How to See in the Spirit Devotional is a Book that will teach you how to meditate upon Scripture, and visualize Scripture. A step by step journaled view taking a look into the Book of Psalm 91, verse by verse. Here, there is an added bonus to your Spiritual senses that offers Communion for greater reflection in the Word of God.

3. Lastly, we have How to See in the Spirit: Four Easy Steps. This is a newer version of "Steal Away, Seeing Jesus in the Secret Place." It is written in a more Modern view that takes away the original clipart that Sister Lara used over twenty years ago to write her book. Yet, Modern as it is this book still gets the job done sharing: Biblical promises for you to stand upon, how to look for vision, and more. Four Easy Steps to Seeing in the Secret Place photo demonstration included.
